

A Message for Our Valued Customers

As concerns over the coronavirus (COVID-19) continue to grow in our community, we wanted to take a moment to share with you the efforts we take to ensure the health and safety of our staff and our customers.

As always, we will continue to provide our customers with a clean, comfortable shopping environment. In addition to our diligent cleaning practices, we have increased the frequency of our store cleanings and we have placed hand sanitizer stations throughout our store for the use of our sales team and our customers.

We will also be discouraging handshakes and limiting contact, but you'll still be greeted with a smile. Of course, we have asked that any in-store or installation staff members with a fever and/or flu symptoms remain at home.

We do not currently anticipate any delays in scheduled installations or in-home measurement appointments. Our installers and sales teams are taking extra precautions before entering our customers' homes and have all been provided with hand sanitizer in their vehicles.

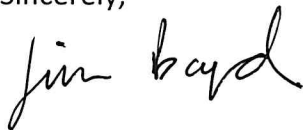

In addition to our free shop-at-home services, we are happy to work with you over the phone. In addition, we are happy to arrange in-store appointments for a private consultation. You will also find many useful tools, information, and product selections on our website if you'd like to start your shopping process at home.

We will remain open during regularly scheduled hours until further notice.

We are proud to support our community and will continue to serve you in all your flooring needs as safely as possible.

Please feel free to contact us at our main showroom on Aylesbury Road, 410-667-0620 or at Jim Boyd's Carpet and Rug Outlet, 2155 Greenspring Dr., 410-372-3074.

Sincerely,

Jim Boyd, President

Jim Boyd's Flooring America
